MEDICAL PRODUCTS & EQUIPMENT CATALOG

Catalog Information

1. While most standard items are featured, additional products and options may be available. Please contact your distributor representative to assist you in finding exactly what you need.
2. During the two year shelf-life of this catalog, certain products and lines will be deleted and new merchandise will be added. Please feel free to contact your distributors representative about the availability of any item.
3. Authorized NDC distributors vary geographically. Therefore, in some instances, your distributor may not represent a specific manufacturer that appears in this catalog.
4. Your NDC distributor may carry additional products, lines and manufacturers that do not appear in this catalog. Your distributor can inform you of their complete manufacturer offerings, specialty products and additional private label products if available.
5. An effort was made to best match the catalog numbers and respective photos together; however, some photos shown may represent a similar item or an item with accessories or additional parts. Some products will vary slightly from the photo. **Please consult your distributor representative about specific products before purchasing based on a photograph.**

- **Competitive Pricing**

- **Quality Assurance**

TERMS

Regular terms of sales are extended by NDC distributors to most customers with favorable credit. Long-term financing can be arranged. Please ask your distributor representative for financing details and terms and conditions unique to them.

GUARANTEE

The products presented in this catalog have been carefully chosen from reputable, well-known manufacturers. Ask your distributor about their standard guarantees.

SHIPPING

Please contact your distributor regarding shipping or delivery fees. Purchases are normally shipped the most economical way possible unless your order specifies the type of carrier desired (parcel post, express, freight or other). Should damage or shortages occur, please notify your distributor representative immediately so they can initiate the proper adjustment procedures.

PRICING

This catalog does not provide pricing information due to frequently changing prices in the healthcare products industry. Please contact your distributor representative for a current price list or quote.

LATEX POWDERED EXAM GLOVES

These microtextured gloves are comfortable, low protein and made from a natural fiber. Powdered.

P359201	X-Small, 100/bx, 10 bx/cs
P359202	Small, 100/bx, 10 bx/cs
P359203	Medium, 100/bx, 10 bx/cs
P359204	Large, 100/bx, 10 bx/cs
P359205	X-Large, 90/bx, 10 bx/cs

LATEX POWDER-FREE EXAM GLOVES

These microtextured gloves are comfortable, low protein and made from a natural fiber. Powder-free.

P359101	X-Small, 100/bx, 10 bx/cs
P359102	Small, 100/bx, 10 bx/cs
P359103	Medium, 100/bx, 10 bx/cs
P359104	Large, 100/bx, 10 bx/cs
P359105	X-Large, 90/bx, 10 bx/cs

SOFT NITRILE EXAM GLOVES

Provides enhanced comfort and tactile sensitivity. They are soft, flexible and latex-free. They stretch and conform to the hands eliminating the stiffness sometimes associated with nitrile gloves. Powder-free.

P359011	X-Small, 100/bx, 10 bx/cs
P359012	Small, 100/bx, 10 bx/cs
P359013	Medium, 100/bx, 10 bx/cs
P359014	Large, 100/bx, 10 bx/cs
P359015	X-Large, 100/bx, 10 bx/cs

VINYL POWDERED EXAM GLOVES

These non-latex gloves provide a durable solution for professionals and their patients who risk sensitivity to natural rubber latex. They offer exceptional strength and protection at a value price. Powdered.

P359501	X-Small, 100/bx, 10 bx/cs
P359502	Small, 100/bx, 10 bx/cs
P359503	Medium, 100/bx, 10 bx/cs
P359504	Large, 100/bx, 10 bx/cs
P359505	X-Large, 100/bx, 10 bx/cs

VINYL POWDER-FREE EXAM GLOVES

These non-latex gloves provide a durable solution for professionals and their patients who risk sensitivity to natural rubber latex. They offer exceptional strength and protection at a value price. Powder-free.

P359401	X-Small, 100/bx, 10 bx/cs
P359402	Small, 100/bx, 10 bx/cs
P359403	Medium, 100/bx, 10 bx/cs
P359404	Large, 100/bx, 10 bx/cs
P359405	X-Large, 100/bx, 10 bx/cs

DISPOSABLE PILLOWCASE

Our pillowcases are constructed of laminated Tissue/Poly to protect the pillow from moisture and cross contamination.

P230023	Tissue/Poly, 21" x 30", White, 100/cs

BORDERED ISLAND GAUZE DRESSINGS

An absorbent island dressing constructed with a heavy-duty absorbent pad and conformable, non-woven fabric adhesive backing. The porous structure of the Sontara® non-woven fabric ensures air and water vapor permeability. The fabric is stretchable, conforms well to body contours and allows body movements when in place. The adhesive has been designed to be gentle to the skin but at the same time provide secure fixation. The wound pad can absorb moderate amounts of wound fluids and the low-adherent surface reduces the risk of adherence to the wounds. Sterile.

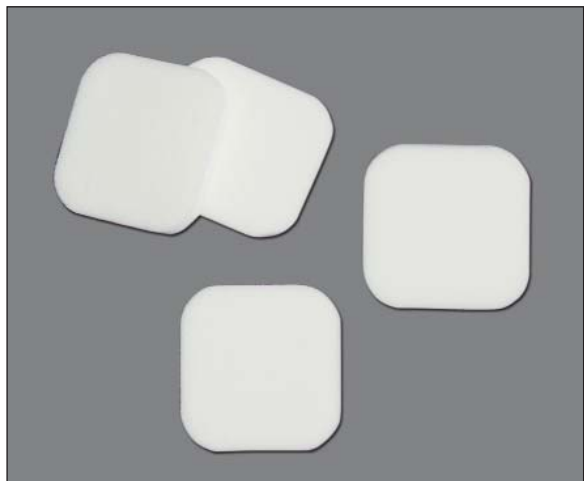

P157204	4" x 4" w/ 2" x 2" Pad, 25/bx
P157206	6" x 6" w/ 4" x 4" Pad, 25/bx

COMPOSITE ISLAND DRESSING

This waterproof dressing has four distinct layers designed to cover all stages of wound care. Layer 1, a non-adherent contact layer, protects the wound site and will not stick to granulation tissue. Layer 2, a soft pad, absorbs drainage. Layer 3, a non-woven backing with an adhesive border, securely holds the contact pad in place. Layer 4, a semi-occlusive, polyurethane film, helps deter external contaminants and maintains an optimal wound environment. The vapor permeable film coating allows showering and protects the wound from water and contamination. It also protects clothing and bed linens from blood or exudate strike-through. Sterile.

P157304	4" x 4" w/ 2" x 2" Pad, 10/bx
P157306	6" x 6" w/ 4" x 4" Pad, 10/bx

NON-ADHESIVE FOAM DRESSINGS

This dressing is designed with cost-effectiveness in mind, yet will provide a clinically effective dressing for management of exuding wounds. It is made of a non-adherent, highly absorbent, lint free polyurethane foam. Featuring a thick and very soft construction, it is extremely conformable and comfortable, especially for painful wounds where some protection and cushioning are desirable. Conformability makes this dressing ideal for difficult to dress areas of the body. Sterile, Polyurethane.

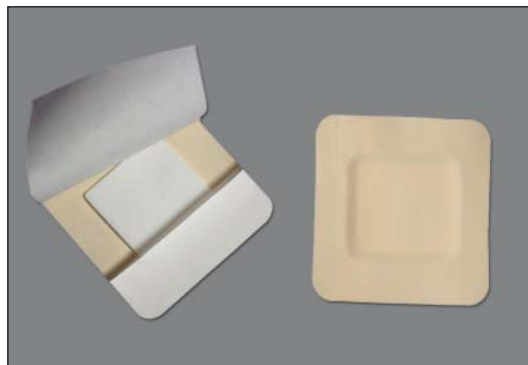

P157502 2" x 2.125", 10/bx
P157504 4" x 4.25", 10/bx

NON-ADHESIVE FOAM DRESSINGS WITH BARRIER

The outer, pink layer used on non-adherent dressing is a breathable film layer. This allows the formation and maintenance of a moist wound healing environment at the wound surface, preventing eschar formation. The pink film is also waterproof and assists in preventing bacterial strike-through. Non-adherent dressings are non-adhesive and are therefore recommended for wounds surrounded by sensitive skin, such as venous ulcers. The lack of adhesive allows the use of the most suitable retention method, for example, tape onto intact skin, appropriate bandaging or a film dressing such as transparent film dressing. Non-adherent dressings are comfortable and can be cut to suit various wound shapes and locations. Non-adherent dressings absorb exudate, they may swell slightly, but do not leave debris in the wound. Dressing changes are therefore easier for the nurse and less traumatic for the patient; wound irrigation can be kept to a minimum. The progression of exudate through the dressing is visible through the pink top film. Sterile, Polyurethane.

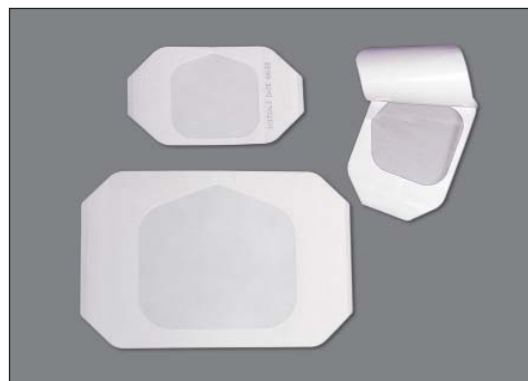

P157512 2" x 2.125", 10/bx
P157514 4" x 4.25", 10/bx

ADHESIVE FOAM ISLAND DRESSINGS

This high-density foam dressing is covered by a layer of comfortable, self-adhesive, water-resistant polyurethane backing helps maintain an optimally moist wound environment, helps prevent strike-through, and aids in the prevention of bacterial contamination of the wound. The moisture vapor transmission rate adjusts depending on the fluid level in the wound. The foam pad has micropores for low adherence to wound surface, yet has a higher fluid-handling capacity than other brands. Foam island gently expands as it absorbs, keeping the dressing in contact with the wound surface for improved fluid handling. Sterile.

P157524 4" x 4", w/ 2" x 2" Pad, 10/bx
P157526 6" x 6" w/ 4.25" x 4.25" Pad, 10/bx

TRANSPARENT FRAME-STYLE FILM DRESSING

This multipurpose, transparent film dressing provides a thin flexible covering to help protect the wound surface or secure catheters and IVs. The dressings are water-resistant to enable patient bathing and transparent to permit observation without removing the dressing. Their moisture vapor permeability allows excess moisture to vent while maintaining a moist wound environment conducive to healing. The latex-free adhesive is gentle on the skin. Sterile.

P157402 2.375" x 2.75", 100/bx
P157404 4" x 4.75", 50/bx

**Pro
ADVANTAGE®**

by **NDC**

HYDROCOLLOID DRESSINGS

An Integrated hydrocolloid formula provides world-class wound healing effectiveness. We offer an ultra-thin hydrocolloid at 15mm. Our standard hydrocolloid is capable of beating the competition wear time while reducing profile and weight by 25%. The outer polyurethane layer provides a barrier to water and bacteria, while maintaining a moist environment. The semi-occlusive properties allow for oxygen and moisture vapor transmission creating the optimal conditions for wound healing. Sterile.

- P157602 Thin, 2" x 2.125", 20/bx
- P157604 Thin, 4" x 4.25", 10/bx
- P157614 Regular Thickness, 4" x 4.25", 5/bx

RETENTION TAPE

Secures and covers dressings. Made from Sontara® non-woven fabric. The permeable structure of the fabric ensures oxygen permeability. The fabric is stretchable, conforms well to body contours and allows body movements when in place. The fabric is non-absorbent and provides a barrier for blood and fluid strike-through. The adhesive is gentle to the skin but is very secure when in place. Because it is air permeable, it can be used to provide additional fixation for other adhesive dressings. Retention tape sizes provide added versatility.

- P157102 2" x 11yd Tape, 10/cs
- P157104 4" x 11yd Tape, 6/cs
- P157106 6" x 11yd Tape, 4/cs

CALCIUM ALGINATE DRESSING

Calcium alginate is a wound exudate absorber for moderately to heavily draining wounds. It may be appropriately used for Stage II and IV pressure ulcers, venous ulcers, arterial and diabetic ulcers, donor sites, superficial burn wounds, surgical incisions, abrasions, lacerations and traumatic wounds. Available in flat dressings or wound packing rope.

- P157702 2" x 2", 10/bx
- P157704 4.25" x 4.25", 10/bx
- P157712 12" Ribbon, 5/bx

HAND & BODY MOISTURIZING LOTION

Rich, soothing, pH balanced formula absorbs quickly into the skin with no greasy residue. Seals in the skin's natural oils. Perfect for sensitive skin. Orange blossom scent.

- P771022 2 oz. Bottle w/ flip cap, 96/cs
- P771024 4 oz. Round Bottle w/ flip cap, 60/cs
- P771028 8 oz. Bottle w/ flip cap, 48/cs
- P771128 Gallon Bottle, 4/cs

PERINEAL CREAM

Designed to prevent moisture, urine & fecal matter from contacting skin. Provides a non-greasy barrier and allows the skin to breathe without being occlusive. Rubs in clear to permit easy monitoring. Unique formula of dimethicone and zinc oxide helps protect the skin. Dimethicone is a silicone-based skin protectant that retains moisture in the skin, while zinc oxide protects against skin irritants. Vitamins A, D and E nourish the skin. Specially formulated without dyes or perfumes.

- P770024 Single use packets .27 fl oz. (8ml), 144/bx, 6 bx/cs
- P770035 4 oz. tube, 12/bx, 6 bx/cs

PERINEUM CLEANSER

No-rinse spray wash for incontinence and stoma care. Pleasantly scented with water lily papaya. Its gentle, soothing formula quickly cleans, refreshes and eliminates odors. Rich in lanolin and aloe, it replenishes natural skin oils.

- P772008 8 oz. Bottle w/pump spray, 48/cs
- P772128 Gallon w/empty spray bottle, 4/cs
