Door Lock for 264 Dressing Nook

MIDMARK BARRIER-FREE® EXAM TABLE SUPPLY ASSISTANT STORAGE UNIT

Expands the storage capacity of Barrier-Free exam tables for bulky exam supplies at the point of care. Key features include: pass-through drawer system designed for access from either side of the exam table, adjusts with the height of the exam table for quick and easy access, allows for about 3-times more functional storage than the current storage pod, 20 lb. weight capacity for bulky gowns, drapes and other exam supplies. No assembly or tools required for installation. The Supply Assistant works with all current and earlier versions of Barrier-Free tables.

9A417001 Supply Assistant Storage Unit For Barrier-Free® Tables

CLINTON MANAGED CARE QUICK CABINETS

Pre-assembled units save time. Easy-clean all laminate construction. Tough, chip resistant PVC edges. Assembled with steel fasteners. Four adjustable leveling feet on the base units. Three-way adjustable 110° hinges. Euro-style drawer fronts with metal sides that hold up to 75 lbs. Recessed toe kick. Easy hook and rail wall installation. Edgebanding on all edges. Door/drawer pulls available in three colors. Large color selection/match or complement. Easily removes for relocation. Drawers can be added to any base unit. Doors and drawer can be moved to accommodate sinks.

AKRO SHELF BINS

Durable polypropylene shelf bins for storage of parts and components. Designed for use on 12", 18", and 24" deep shelving or vertical storage and retrieval units. Built-in hanglock catches underside of shelf above, allowing each bin to be tilted out for complete access. Reinforced edges for additional strength. Available in red, yellow or blue (specify when ordering).

LAKESIDE BLANKET WARMER CABINETS

The design features of the Warming Cabinets reflect ease of use and operation, consistent reliability, minimal routine maintenance and high quality stainless steel construction for years of uninterrupted service. Loaded with features. Easy operation with state-of-the-art digital control panel. Simply turn the unit on and set the desired temperature. Temperature range is 90 degrees F - 240 degrees F. Readings in both Fahrenheit and Celsius. Fan placement and heating elements are located in the top of the cabinet. This allows easy access to the lint filter, fan, temperature probe and control unit. Additionally, the entire cabinet cavity can be used for product - no wasted space.

LAKESIDE ERGO-ONE® HITCH SYSTEM CLAMP ON ADJUSTABLE TUBE

An almost universal tube-style hitch design. Clamps to two sides of a cart while running across the cart's underside. Three telescopic tube designs adjust to work with carts 26" to 41" long; 40" to 55" long, and 56" to 76" long. Works with male and female hitch ends. A high-bonding acrylic foam tape helps hold.

| | |
|------|--|
| 4751 | Clamp-On, Adjustable Tube, Small, 26"-41" |
| 4752 | Clamp-On, Adjustable Tube, Medium, 40"-55" |
| 4753 | Clamp-On, Adjustable Tube, Large, 56"-76" |

LAKESIDE ERGO-ONE® HITCH SYSTEM HITCH ENDS

Male hitch end used to tow the cart. Tow pin features a safety latch to prevent hitch connection from vibrating loose. Female hitch end used to tow an additional cart behind a towed cart. Works on carts with 5" to 8" casters. Fits over tow pin on Male hitch.

| | |
|------|------------------------------------|
| 4750 | Male Hitch End, 5" or 6" Casters |
| 4754 | Female Hitch End, 5" or 8" Casters |
| 4755 | Male Hitch End, 6" or 8" Casters |

LAKESIDE ERGO-ONE® HITCH SYSTEM PERMADHERE RECEIVER TUBE

Convenient design option for light duty carts. Factory installed on new Lakeside carts or field retro-fitted on your existing carts. Utilizes a high-bonding acrylic foam tape to install the hitch tube to the cart. For use only on light duty carts with continuous flat bottoms only. The receiver tubes are cut to length with ears welded to accommodate the cart bottom's mounting surface. A detailed drawing of your cart's bottom must accompany your order when ordering.

| | |
|------|--------------------------|
| 4757 | PermAdhere Receiver Tube |

**DORAN DIGITAL PHYSICIAN'S SCALE**

Provides a faster and easier way to weigh and measure patients accurately with the Touchless Start feature. You can acquire a patient's weight in as little as two seconds without any buttons to press. The Weight Lock feature allows an accurate weight to be held regardless of a patient's motion. Works on any flooring, including carpeting. The sturdy aluminum column houses the height measurement rod. 500 lb maximum capacity. BMI calculator. Four C batteries (included). Three year battery life. ABS and metal construction. Three-year warranty.

- | | |
|--------|---|
| DS5100 | Digital Beam Scale w/height rod, Capacity: 500 lbs/200 kg, Platform: 15" x 13" x 2" |
|--------|---|

**DORAN HANDRAIL SCALE**

This scale only weighs 30 lbs. Simply tilt the scale back on the two built-in, non-marking wheels and roll the scale to its new destination. The non-skid surface on the large low-profile base and the ergonomically designed handrails have been designed with the safety of unsteady patients in mind. The Touchless Start feature acquires a patient's weight in as little as two seconds without any buttons to press. The Weight Lock feature allows an accurate weight to be held regardless of patient's motion. The Reweight feature allows a second weight to be acquired while the patient remains on the platform. Optional USB and RS-232 communications options allow the recording of a patient's weight and BMI value into a PC based Excel spreadsheet with the optional Excelerator software. Patient data can also be sent to an optional printer or EMR system. 1000 lb. maximum capacity. BMI calculator. Six AA batteries (included). One-year battery life. Aluminum and painted steel construction with plastic trim. Three-year warranty.

- | | |
|--------|---|
| DS7100 | Handrail Scale w/BMI calculator, Capacity: 1000 lbs/454 kg, Platform: 25" x 29" x 46" |
|--------|---|

DORAN INFANT/PEDIATRIC SCALE

Designed for portability and accuracy. Features a one-piece, easy to sanitize design that is sturdy and lightweight. To operate, simply turn on the scale and place the patient onto the platform. The weight is quickly locked-on and displayed with our exclusive Weight Lock technology. A beep signals the weight has been locked-on allowing attention to be focused on the patient, rather than the weight display. Features a Reweigh function. Can be shown in kg or lb. Maximum capacity of 45 lbs. Four AA batteries (included). Two-year battery life. ABS plastic housing. Three-year warranty.

DS4100 Portable Infant/Pediatric Scale, 45 lbs/20 kg

DORAN REMOTE INDICATOR SCALE

Features a large, stable, low-profile platform that works on any flooring including carpeting. The Touchless Start feature acquires a patient's weight in as little as two seconds without any buttons to press. The Weight Lock feature allows an accurate weight to be held regardless of a patient's motion. The Reweight feature allows a second weight to be acquired while the patient remains on the platform. Optional USB and RS-232 communications options allow the recording of a patient's weight and BMI value into a PC based Excel spreadsheet with the Excelsator software. 500 lb. maximum capacity. BMI calculator. Six AA batteries (included). Two-year battery life. Three-year warranty.

DS6100 Remote Indicator Scale w/BMI calculator, Capacity: 500 lbs/225 kg, Platform: 15" x 14.5" x 2"

DORAN WHEELCHAIR SCALE

Can serve as a wheelchair scale as well as a handrail or stand-on scale. Folds and rolls effortlessly on four casters. Unfolds with built-in hydraulic assistance, and two latches hold the indicator mast firmly in place. The large, low-profile platform accommodates bariatric wheelchairs. Features a tare memory function that can store and recall the weights of up to ten different wheelchairs. The Weight Lock feature allows an accurate weight to be held regardless of a patient's motion. The Reweigh feature allows a second weight to be acquired while the patient remains on the platform. Optional USB and RS-232 communications options allow the recording of a patient's weight and BMI value into a PC based Excel spreadsheet with the optional Excelsator software. Patient data can also be sent to an optional printer or EMR system. 1000 lb. maximum capacity. BMI calculator. Six AA batteries (included). One-year battery life. Optional AC adapter. Aluminum and painted steel construction with plastic trim. Three-year warranty.

DS9100 Wheelchair Scale w/BMI calculator, Capacity: 1000 lbs/454 kg, Platform: 33" x 32.5" x 3"

Scales

Fold up scale with four way, dual direction wheels for easier transport. Ambulatory patients hold padded handrails during weighing for added security. Digital display rotates for wide angle viewing. Keypad entry tare, auto power off, auto zero, motion detector, weight lock. 800 lb x .2 lb/360 kg x .1 kg capacity. 28"L x 32"W platform with non-skid mat. Digital indicator with LCD display. Powered by 6 C cell batteries. Optional 115VAC power adapter.

- 6550 Wheelchair Scale

DETECTO ROLLING CHAIR SCALE

Zero turning radius ability is the hallmark of this lightweight rolling chair scale. Ergonomics dictated this stylishly, battery-powered scale's contemporary design. This system comes complete with a large LCD display and it has a 440 lb capacity that is sensitive to .2 lb. Oversized 3" diameter wheels and sleek styling allow this scale to be extremely portable. The large 0.7" high contrast LCD display is batter powered and is easily readable in the brightest lighting conditions. The soft, padded armrests fold out of the way to allow patients easy accessibility. The 6880's footrests also fold away to promote patient security when getting into or out of the scale. Safety stops on rear wheels for parking in one place without rolling. Contoured, sloping backrest allows the patient to assume a relaxed position.

DETECTO DR400C-750 DIGITAL VISITING NURSE SCALES

Detecto's reliable DR400-750 digital physician scale is lightweight and portable, making it perfect for mobile clinics, home care nurses, or wherever a portable scale with Body mass Index is needed. The remote digital indicator comes with a wall-mount bracket and easily mounts on a counter top or wall. The indicator features large 0.75 high digits in an LCD display, selectable units, Body Mass Index and a Lock/Release key for holding weight after a patient has stepped away from the scale. The 750 quickly calculates Body Mass Index by simply entering the patient's height while weighing. The DR400-750 is battery powered, so you can take the scale anywhere you need it. The unit has a slip-resistant mat to ensure patient safety when getting on and off the scale. Display: 0.75" high digits - LCD. BMI Height Range: 3 to 7 ft/90 to 215cm. Power: 6 "AA" size batteries or optional AC adapter.

DETECTO PORTABLE BARIATRIC WHEELCHAIR SCALE

Accommodating new EXTRA-WIDE wheelchairs, Detecto's BRW1000 provides everything required for weighing bariatric patients. For extended patient comfort, the BRW1000 can store the weight of the chair, allowing clinical staff to simply roll the patient on the scale for quick and easy weighing. Detecto's BRW1000 provides comfort for the patient and saves valuable time in busy healthcare facilities. Heavy-duty construction, large rubber deck safety plate platform with integral ramp, and the 1,000 lb capacity makes this the perfect scale for weighing patients in manual or power wheelchairs, dialysis patients, or walk-ins.

DETECTO D350 PERSONAL FLOOR SCALES

The precision movement of this sturdy low-profile scale with circular display guarantees exact results and the design with a lot of white and chrome gives the scale a fresh, timeless look. The powder-coated steel casing is built to last a lifetime. The spacious tread area on the weighing platform is covered in easy-to-clean, black synthetic material for fast wipe downs. The modern, elegant scale design will make a positive impression in any room. Durable features include reliable corrosion protection by galvanizing the frame and parts.

**SECA 202 MECHANICAL TELESCOPIC MEASURING ROD**

Limited to the essentials, the measuring rod seca 202 is a simpler version of the measuring rod seca 222, but, of course, still suitable for obtaining high precise results.

| | |
|------------|-----------------------|
| 2021714009 | Measuring Rod, Metric |
| 2021814009 | Measuring Rod, Inches |

SECA 207 PORTABLE SLIDER MEASURING DEVICE

A fast and easy infant measuring rod made of anodized aluminum for long-lasting accuracy and durability. The calipers conveniently fold in for transport or storage. Dimensions: 1 7/8"W x 1 3/8"H x 41"D.

2071814009 Measuring Rod for Infants w/extra wide measuring slide

SECA 210 MEASURE MAT II

The simple and quick way to measure a baby's growth from day one. The mat's soft touch, lightweight rubber is gentle enough for baby, yet portable enough for easy storing and durable enough for wall mounting. It is extremely handy in delivery rooms where newborns are measured upside down. Dimensions: 11 3/4"W x 5 1/2"H x 53 1/2"D.

2101821009 Measuring Mat For Infants & Small Children

SECA 212 BABY BAND

Made of durable, non-stretch tape, measure a baby's head circumference in inches or centimeters. Reverse side features a mid-point measure for greater convenience.

2120 Non Stretch Teflon Tape to Measure Head Circumference on Infants and Small Children, 15/pk

SECA 220 TELESCOPIC HEIGHT ROD

The headpiece is secured on both sides for accuracy and folds down for a greater degree of safety. When added to a scale, it becomes a precision weighing and measuring package. Dimensions: 2 1/8"W x 30"H x 1 1/4"D.

2201814004 Telescopic Measuring Rod For Scale Models 766, 767, 780, & 700

SECA 240 MEASURING ROD

Mounted onto the wall and the exact measuring result is being displayed in the small viewing window of the wide measuring slide.

2401814009 Wall Mounted Stadiometer

SECA 404 GRAPH EASE

A convenient plotting aid for growth and weight percentile charts. Just line up the vertical and horizontal lines on your growth chart and mark the point through a convenient hole at the line intersection. Sheet Size: 8 1/2" x 11" with rounded corners and 3 hole punch. Packaging: 25/pack.

404 Graph Ease, 25/pk

SECA 416 WEE LENGTHS MECHANICAL INFANTOMETER

Made of a sturdy, unbreakable hardwood for durability and reliable accuracy. The foot piece is channeled on an aluminum sideboard for smooth wobble-free operation. A handhold enhances transportability. Dimensions: 43 1/2"W x 6 1/2"H x 12"D.

4161821009 Baby Board

SECA 491 BMI CALCULATOR

A simple and quick way to calculate Body Mass Index. Patient data can be entered in pounds, feet and inches or centimeters and kilograms. Also functions as a standard calculator.

4910000009 BMI Calculator

405B

405G

SECA GROWTH CHARTS

These charts for boys (blue) and for girls (pink) are the fast, convenient way to track length/height and weight percentiles. Sheet size: 8 1/2" x 11". Packaged 100 sheets per pad.

SECA 334 INFANT SCALE

Weighing only 8 lbs, this scale is a real lightweight. The integrated carrying handle makes transport easy. Also practical: the flat and thus space-saving form, e.g. for storing in the drawer of the nappy changing table. Reliable results due to automatic damping function. The damping function ensures precise results even if the baby is very restless. The length of the baby can be measured at the same time with the optional measuring rod which can be fitted to the scale. And the scale can be safely stored for transport in the optional carrying case.

- 3341321004 Digital Baby Scale w/practical handle

**SECA 354 DIGITAL BABY SCALE - 44LB CAPACITY**

With their dual function, these baby scales are a small sensation. At the touch of a button, the tray can be detached quickly and easily from the base, leaving you with a robust floor scale for children weighing up to 44lbs. As the two elements are securely connected with one another, it is absolutely safe to lift and transport the scale. The soft, round shape of the tray gives the baby that so very important feeling of safety and security. With the breast-milk-intake function, it is easy to determine the exact amount of milk the baby has taken when being breast-fed.

- 3541317009 Digital Baby Scale w/detachable tray, Tight graduation

**SECA 606 ELECTRONIC VETERINARY SCALE**

An extremely accurate and dependable scale for weighing pets. The tare function allows a small animal to be weighed in a basket. Simply place a basket on the scale, tare out the basket and place the pet in the basket. Only the pet's weight will show. The dampening function ensures reliable weighing to calm animals, restless animals and very restless animals. The rough surface consists of scratch-resistant plastic and is very easy to clean. The anodized frame construction and the sealed wooden plate at the bottom of the scale make the scale highly moisture resistant when the floor in the vet practice or clinic becomes wet. The intelligent auto-hold function will continue to display the animal's weight after it has left the scale. The battery capacity is sufficient for 16,000 weighings. The scale turns off in two minutes when using batteries. 220 lbs capacity. Platform size is 35.4"L x 23.6"W x 3"H.

- 6061321009 Electronic Veterinary Scale

**SECA 634 BARIATRIC FLOOR SCALE**

Specially designed for weighing adipose patients. The very high capacity of 800 lb/360kg and the 60 x 60 centimeter large platform offer a solid base even for larger people. Thanks to the low level platform of only 45 millimeters, the person can effortlessly step onto the nonslip surface. The cable remote display can be placed at eye level or on a table. The graduation of 100g enables recognition of even the smallest weight change, so that the success of diet programs can be precisely determined at any time.

- 6341321004 Bariatric Floor Scale

**SECA 644 DIGITAL HAND-RAIL SCALE**

Low profile platform makes it easy to use and the curved railing provides a stable anchor for unstable patients. With its locking castors and swiveling control/display panel, it provides the medical staff with a high degree of flexibility. Can be transformed into a complete measuring and weighing station with the addition of Seca 242 or Seca 222 measuring rod options.

- 6441321139 Electronic Scale w/standing assistance, High Capacity and Large Platform

**SECA 664 DIGITAL WHEELCHAIR SCALE**

The high capacity of 800 lbs of this wheelchair scale means that even heavy patients can be weighed with ease. Thanks to the extremely flat platform, the scale is easy for wheelchair-users to mount and the side barriers ensure maximum safety. The integrated pre-TARE function determines the patient's net weight in seconds and a real advantage is its HOLD function, which continues to display weight in large, easy-to-read numbers even after the scale is no longer in use. This scale can be folded up in just a few moves and its transport castors make it easy to move. Capacity: 800 lbs/300 kg. Dimensions: 27"W x 22 1/2"H x 23"D.

6641321134 Electronic Wheelchair Scale, Collapsible, Transport by Wheels

**SECA 674 DIGITAL PLATFORM SCALE**

A multi-functional electronic flat scale designed especially for people needing assistance or heavyweights. Thanks to its extremely flat and large platform with built-in ramp, weighing people in wheelchairs or seated during dialysis is no problem at all. Comes with transport castors so it is easy to move. Capacity: 800 lbs/300 kg.

6741321009 Electronic Platform Scale w/high capacity, Can be Transported on Casters

**SECA 700 MECHANICAL BEAM SCALE**

The seca 700 mechanical column scale with its eye-level balance beam sets new standards worldwide - for capacity, graduation, and quality. Each scale has a cast iron base, iron column, and easy-to-use interface. Moreover, the compact packaging helps keep freight costs to a minimum. The included seca 220 measuring rod converts the scale into a complete space-saving measuring and weighing device. Available in kg, lbs or kg/lbs versions.

- 7001021994 Physician Scale w/height rod & wheels, 160kg Capacity, Kilograms Only
- 7001121004 Physicians Mechanical Balance Beam Scale w/out height rod, 500lb Capacity, Lbs Display
- 7001121994 Physician Scale w/height rod & wheels, 500lb Capacity, Lbs Only
- 7001321994 Physician Scale w/height rod & wheels, 400lb Capacity, Lbs/Kg

**SECA 703 DIGITAL COLUMN SCALE WITH VERY HIGH CAPACITY**

Extremely robust, precise and stable: With a capacity of 550lbs, a large but low platform and the integrated, BMI function, this column scale has the prerequisites for the diagnosis and therapy of heavyweight patients. The durable construction of cast iron can cope with the most extreme loads. The energy-saving battery operation - up to 16,000 weighings with just one set of batteries - means that this scale can be used anywhere as it is not dependent on AC power.

7031321999 High Capacity Digital Scale w/height rod and wheels, Model 703

SECA 725 INFANT SCALE

Classic design and reliable construction make this mechanical baby scale a favorite for over 50 years. Rugged steel construction and cast levers ensure years of durability and accuracy. Removable tray makes transport and cleaning simple and convenient. Capacity: 32 lbs/16 kg. Dimensions: 21 3/4"W x 7 1/2"H x 12"D.

7251121139 Mechanical Baby Scale w/sliding weights

**SECA 727 INFANT SCALE**

A large tray and three-button operation - HOLD, TARE, lbs/kg - ensures convenience, precision, comfort and safety. An integrated damping system compensates for movement, and the PC-friendly RS 232 interface eliminates the need for manual input. Capacity: 44 lbs/20kg. Dimensions: 21 1/2"W x 5 1/2"H x 12 1/2"D. Power Supply: 6 AA rechargeable batteries, A/C UL adapter/recharger.

7271321844 Electronic Baby Scale w/digital display and Serial Interface RS232

7281321834

4250000009

SECA 728 INFANT SCALE

Specially designed for situations where the smallest weight fluctuation can be critical. From the integrated digital display to the unique tray design, this baby scale has it all. With the seca 231, the scale becomes a complete weighting and measuring station. Capacity: 44 lbs/20 kg. Dimensions: 21 1/2"W x 6 1/2"H x 12 1/2"D. Power Supply: 6 AA rechargeable batteries, A/C UL adapter/recharger.

7281321834 Electronic Baby Scale w/digital display and Serial Interface RS232

Accessories
4250000009 Carrying Case w/rollers for Seca 725, 727, and 728

**SECA 750 MECHANICAL FLOOR SCALE**

Offers both rugged durability and a large, easy-to-read dial. Its design was based on a lower profile and wider platform. Capacity: 320 lbs. Dimensions: 12 1/2"W x 2 1/2"H x 18 1/2"D.

- 7501019009 Mechanical Personal Scale w/precision weighting mechanism in a classic white housing -KG only
- 7501119009 Mechanical Personal Scale w/precision weighting mechanism in a classic white housing -LBS only
- 7501319009 Mechanical Personal Scale w/precision weighting mechanism in a classic white housing -LBS/KG only

**SECA 754 NOVA SCALE**

Circular dial with nickel plated housing shows the weight in white on black. 150kg capacity.

- 7541135009 Flat Scale -LBS/KG

SECA 755 MECHANICAL COLUMN SCALE WITH BMI DISPLAY

The seca 755 is one of the first mechanical column scales which, in addition to displaying the weight, also displays the respective nutritional condition of the patient with the BMI function. When the patient mounts the scale, a "BMI disc" of contrasting colour is set in motion below the very precise weight display in the large, clear dial. It is visible in a small window next to which a height scale is printed. Once the weight has been determined, it is easy to read the BMI range which, with contrasting colours, is split up into underweight, normal, and overweight as well as adiposity (abnormally overweight). A flat tread area and practical transport castors are further advantages of the seca 755. It can also be converted into a complete measuring and weighing station by fitting the optional measuring rod seca 220.

- 7551321994 Mechanical Column Scale with BMI Display

**SECA 760 COLORATA SCALE**

Brighten up with a splash of color from a selection of lively shades (white, red, yellow or blue). The housing and the platform with skin-friendly, grooved natural rubber mat are in matching colors. 150 kg capacity.

- 7601126009 Flat Scale White

**SECA 761 MECHANICAL FLOOR SCALE**

The large easy to read dial displays weight that's accurate to one percent of total body weight. Its rugged all-metal body is enhanced by a heavy-duty lever system. Capacity: 320 lbs. Dimensions: 11 3/4"W x 4 1/4"H x 18"D.

- 7611119009 Mechanical Personal Scale w/large round dial -LBS only
- 7611319009 Mechanical Personal Scale w/large round dial -LBS/KG

SECA 763 DIGITAL WEIGHING AND MEASURING STATION W/AUTOMATIC BMI CALCULATION

With the innovative, digital measuring station seca 763, both the height and weight of a patient can be ascertained in just one step. After measuring and weighing, both values are displayed on two LCD displays integrated into the intuitively operable display. But that is not all; on the basis of these values, the seca 763, at the touch of a button, automatically calculates the BMI of the patient. This value provides information on the general nutritional condition of the patient on the basis of the recognized WHO standard. With its capacity of 550lbs, its low platform and very robust design, the measuring station is also extremely suitable for heavyweight patients.

- 7631321139 Digital Weighing and Measuring Station

**SECA 767 DIGITAL COLUMN SCALE**

Does not need much energy. With no more than one set of batteries this column scale can weight up to 16,000 times. The big liquid crystal display not only shows the weight but also calculates the patient's Body-Mass-Index. Extend the scale's functionality by fitting it with the optional Seca 200 measuring rod, so the medical practitioner can weigh and measure in just one step. Capacity: 440 lbs/200 kg.

- 7671321009 Electronic Personal Scale w/large backlit LCD and Low Power Consumption

**SECA 770 HEAVY DUTY ELECTRONIC FLOOR SCALE**

Made for serious traffic. The platform's precision sensor activates the scale and the automatic shut-off adds extra convenience. Battery operation and low power consumption make this the perfect portable scale. Capacity: 440 lbs/200 kg. Dimensions: 13"W x 5 1/2"H x 15"D.

Health must be taken care of. Every single day. And, fortunately, there are people like you who, with head and heart, take care of our health. seca provides perfect weighing and measuring systems to make this task as easy as possible for you. Whether column scale, baby or floor scale: you can rely on seca. High precision, intelligent functions, first-class quality and easy handling – these are the strengths of our products. With you and seca, our health is in good hands.

Scales

SECA 882 BODY-MASS-INDEX ELECTRONIC FLOOR SCALE

Recognized by the US Department of Health as the standard for normal values of height and weight. The remote head and handle make the BMI easy to operate and move. Carrying case #421 is available separately. Capacity: 400 lbs/180 kg.

8821321134 Electronic Personal Scale w/remote display on cable

SECA 954 DIGITAL CHAIR SCALE

Offers traditional design with added mobility, so it can be brought directly to the patient. Compact design and locking wheels make the chair maneuverable. Has swiveling armrests for easy seating and the desirable TARE function for taking out extra weight. Capacity: 440 lbs/200 kg. Dimensions after assembly: 27"W x 22 1/2"H x 23"D.

9541309803 Digital Chair Scale w/4 wheels and swivel armrests, Chair Scale Dismantled, Delivered w/tools

SECA 984 DIGITAL BED & DIALYSIS SCALE

This scale has a 1100lb/500kg capacity with 0.2lb/100g resolution. It has an alarm function that assists in critical monitoring, integrated lifts, four weighing platforms and with its rechargeable batteries this scale stays alert even in power outage.

SECA 374 DIGITAL BABY SCALE

Comes with extra large weighing tray. The shelf-shaped design is consistent with the high demands made on its multiple functions: suitable for babies and infants weighing up to 40 lbs. The large tray provides maximum safety against the baby falling from the scale. The clear controls of the user interface are located on the slightly raised, ergonomically formed side of the scale facing the user. A large LCD display makes it quick and easy to determine the weight. A further advantage is that it can also be operated using batteries and thus be used anywhere. The scale's extremely robust, hygienic surface of high-quality plastic is easily and quickly cleaned.

3741321009 Digital Baby Scale, 44 lb. Capacity

SECA 769 DIGITAL SCALE WITH BMI & HEIGHT ROD

Combines BMI (body mass index) function, a higher weight scale capacity and an attached height rod. A lightweight and portable bathroom scale, health club scale, diet scale or doctor scale with a column mounted read-out. The choice of digital scale over the traditional beam scale has never been easier. Equipped with load cell technology, the cutting-edge for clinical applications where accuracy is critical. The Body-Mass-Index feature (BMI) is a simple, time-saving feature that calculates patient Body Mass Index at the press of a button. To add even more value, the popular scale-mounted model 220 height rod is included. Provides longevity without the need for changing batteries or the inconvenience of outlets.

7691321009 Digital Scale, 440 lb/220 kg Capacity w/BMI & Height Rod

SECA 813 DIGITAL FLOOR SCALE

Combines safety and comfort. This thin bathroom scale is easy to step on. The weighing scale platform is extremely low, less than 2" (47mm high). The platform is covered with a non-slip, but pleasantly soft dimpled mat. The mat covering the platform scale is made of a smooth and shockproof material that is extremely hard-wearing, durable and easy to clean. To ensure that the measuring result can be recorded quickly and correctly, it has an easily read 1.15" (29mm) high LCD display. It automatically adjusts to zero (null balance) at every weighing. Any changes in external conditions due to moving the location of the scale are accounted for by the automatic zero resetting function and reliably compensated.

8131321009 Digital Floor Scale, 440 lb/200 kg Capacity

SR SCALES INFANT SCALE - 5 GRAM RESOLUTION

Displays the infant's weight in four modes: pounds/ounces, 1/4 ounce or pounds, and tenth of a pound, kilograms, and grams. Features: Cradle, clear acrylic: 22 in x 15.5 in (56 cm x 39 cm); Portable: Can be easily moved to workstations; LCD digital read-out: 16-character, dot matrix; Automatic digital filter; Hold button: Stores displayed reading in memory; Weight recall: Press Hold button to recall stored display reading; Auto zero: One button operation; Power source: Six (6) "D" cell batteries; Auto power shut down: Approximately 35 seconds; Average battery life: 10,000 weight readings; Low battery indicator: Will be displayed. Specifications: Resolution: 0.01 lb, 1/4 oz, .005 kg 5 grams; Accuracy: 0.1% +/- 1 digit of display resolution for calibration range; Maximum Capacity: 40 lb / 18 kg. Four-year warranty.

SR615 Infant Scale w/22" tray
SR625 Auto Hold Infant Scale w/22" tray

SR SCALES INFANT/ADULT SCALE - VISITING NURSE OR HOMECARE

A unique portable scale system that offers the versatility of being able to weigh infants, toddlers, and adults all on one, lightweight, moisture-resistant system weighing only seven pounds and powered by one (1) 9-volt battery. Features: Display read-out: 4 digit LCD; Displays in either: Pounds/ounces or kilograms; Digital filter: For active patients Auto zero: One button; Auto power shut down: Approximately 1 minute; Low Profile 2 1/4" with feet; Power source: One (1) 9 Volt battery; Average Readings: 3,000; Low battery indicator: Will be displayed. Specifications: Accuracy: 0.2% +/- 1 digit of reading over .2 kg. Four-year warranty.

SR241 Infant/Adult Scale, Infant Mode: Max Capacity 44lb (20kg), Resolution: 1/4oz. (0.01kg), Adult Mode: Max Capacity 400lb (181kg), Resolution: 0.1 lb (0.1kg)
SR241KG Kilogram Only Infant/Adult Scale, Infant Mode: Max Capacity 20kg, Resolution: 0.01kg, Adult Mode: Max Capacity 181kg, Resolution: 0.1kg
SR241SO Adult Only Scale, Max Capacity 400lb (181kg), Resolution: 0.1 lb (0.1kg)

SR SCALES SR193 UNDER-BED PATIENT WEIGHTING SYSTEM

Can be positioned by one person in just minutes and features simultaneous display of weight and weight change. Programmable weight alarm function alerts the caregiver if the patient's weight has varied outside preset parameters. The weight alarm has a Nurse Call Output and may be used as a Bed Exit Alarm. Optional RS232 Output adds data output. System comes complete with display electronics, one pair of transducer bars and a cable set with rugged military connectors. Features: Listed: UL544; Low Profile: Eliminates ankle catching ramps used under any bed; Portable: Can be placed under any hospital bed; Access ramps: Accommodates wheel diameters from 2 to 10 inches; Includes an Extension Tie Bar 18 in x 32 in (46 cm x 81 cm); LCD digital read-out: 16 character, dot matrix; Displays in either pounds or kilograms; Hold button: Stores displayed reading in memory; Weight recall: Press Hold button to recall last stored display reading; Auto zero: One button operation; Power source: 110 or 220 VAC, 50-60 Hz. Specifications: Resolution: 0.1 kg / 0.1 lb; Accuracy: 0.1% +/- 1 digit of displayed resolution for calibrated range; Maximum capacity: 1,200 lbs / 544 kg combined patient & bed weight. Four-year warranty.

SR193 System Comes Complete w/display electronics, 1 Pair of Transducer Bars, & A Cable Set w/rugged military connectors, Tie Bar Min/Max 18" to 32" (46cm to 81cm)
SR193-3 System Comes Complete w/display electronics, 1 Pair of Transducer Bars, & A Cable Set w/rugged military connectors, Extension Tie Bar 32" x 48" (81cm x 122cm)

SR SCALES SR255 DAILY-WEIGH® SCALE

A preferred means of gathering patient weight data of non-ambulatory patients weighing up to 400 pounds. Load cell technology ensures accurate and repeatable weight readings. Features: Base clearance: 5 inches; Hydraulic lift: Manual; Stretcher bar options: (Adult) 32 in x 72 in (81 cm x 183 cm); Stretcher bar options: (Pediatric) 32 in x 60 in (81 cm x 152 cm); Display readout: 16-character dot matrix LCD; Display units: Pounds or kilograms; Auto zero: One button operation; Auto power shut down: Approximately 35 seconds; Hold button: Stores displayed reading in memory; Weight recall: Press Hold button to recall last stored display reading; Averaging: Automatic digital filter; Power source: Six (6) "D" cell batteries; Average readings: 10,000; Low battery indicator: Will be displayed; Specifications: Maximum capacity: 400 lb / 181 kg; Display resolution: 0.1 lb / 0.1 kg; Accuracy: 0.1% +/- 1 digit of displayed resolution for calibrated range. Two-year warranty.

SR255 Daily-Weigh® Scale w/Adult Stretcher Bars & Stretcher

SR SCALES SR300 GRAMS SCALE

Ideal for use as a diaper, portion nutritional scale. This light weight, portable scale displays the weight in grams or ounces. The system features On/Off, Tare, and Mode for quick operation. Features: Scale Size: 9 1/2" x 6 3/4"; Weighing Surface: 5 3/4" Round; Three buttons: On/Off, Tare, and Mode; Dual Mode: Grams or ounces; Power source: 4 - AA batteries. Two-year warranty.

LUMEX FIVE-LEG DELUXE I.V. STAND

Chrome-plated, steel I.V. pole. Easily converts from a 2 to 4-hook pole. Five-leg base offers maximum stability. Swivel, ball-bearing casters provide smooth rolling on all surfaces. Base is molded of truss-reinforced plastic. Sure-Grip clutch nut provides a full range of height positions from 47" to 81".

| | |
|----------|---------------------------------|
| GF7050-1 | 5-Leg Deluxe I.V. Stand, 2-Hook |
|----------|---------------------------------|

LUMEX MOBILE-MATE I.V. STAND

Extra wide 5 leg base ensures maximum stability to safely support I.V. pumps and controllers.. Urethane padding prevents marring of walls and furniture. Vise-tight height-adjustment knob facilitates quick and easy locking action. Complete with convenient pull handle. Designed to meet the requirements of HCPCS code: E0776.

| | |
|-------|------------|
| 2640A | I.V. Stand |
|-------|------------|

LUMEX SELECT CARE I.V. STANDS

Low profile base prevents tipping and the swivel ball bearing casters facilitate a smooth transport on the pole on all surfaces. Base width: 23". Height adjustable from 45" to 84".

| | |

| GF7012-1 | Select Care I.V. Stand, 2-hook |
| GF7051-1 | 4-hook Top |

LUMEX STAINLESS STEEL DELUXE 4-HOOK I.V. STAND

Circular, ram-horn hooks provide secure suspension of solution containers. Friction-grip lock permits height adjustment without danger of slipping. Tower rod is cushioned to absorb noise if accidentally dropped. Five-leg base is cast aluminum with satin finish. Height: 48"-86".

| | |
|-------|-----------------------------------|
| 7015A | Stainless Steel Deluxe I.V. Stand |
|-------|-----------------------------------|

OMNIMED BEAM® HEAVY WEIGHT™ INFUSION STAND

The beefy column and weighted five leg base provide stability and holds up to four 5000 ml containers. Manually raises to a maximum height of nine feet. Cast aluminum lock securely holds at the desired height. Air-glide system controls decent of pole when unlocked.

| | |
|--------|------------------------------|
| 741300 | Heavy Weight™ Infusion Stand |
|--------|------------------------------|

OMNIMED BEAM® POWER LIFTER® AUTOMATED IRRIGATION STAND

Heavy duty pneumatic irrigation stand featuring a rechargeable battery and weighted base. The touch of a foot pedal automatically raises irrigation solution containers to a maximum height of 9 feet. Depress the foot pedal and the pole lowers quickly and smoothly. Holds up to four 5000 ml irrigation containers. UL approved external battery charger. Can be operated by one person.

350002 Transport Basket, 10" x 13" x 4"

350005 Wire Basket

**OMNIMED BEAM® JR. HEAVY WEIGHT™ I.V. STAND**

Offers quality at an affordable price. With a maximum height of seven feet and the unique air-guide system, this is the answer for all your I.V. stand needs.

741301 Jr. Heavy Weight™ I.V. Stand

**DRIVE MEDICAL DELUXE TILT TOP OVERBED TABLE**

Easily assembled. Walnut, wood grain laminated top. Top can be tilted in infinite number of settings. Top can be raised or lowered in infinite settings. Chrome-plated steel with "H" base provides security and stability. Table top is locked securely when height adjustment handle is released. Swivel casters allow for easy maneuverability.

13008 Overbed Table Tilt, Convenient Easy Knob Adjustment to Tilt Table Top

**DRIVE MEDICAL NON-TILT OVERBED TABLE**

Walnut, wood grain laminated top. Table top can be raised or lowered in infinite positions. Chrome-plated steel ("H") base provides security and stability. Table top is locked securely when height adjustment handle is released. Swivel casters allow for easy maneuverability.

13003 Overbed Table Deluxe

**DRIVE MEDICAL PIVOT & TILT OVERBED TABLE**

The mast of the table pivots can be locked in one of the three positions from flat on the floor to 90°. The pivot feature allows the table top to be positioned closer to individuals in a bed, sitting in a wheelchair, or folded for storage. The table top tilts with the angle of the mast to provide a flat surface regardless of the angle of the mast. Four 2" casters (2 locking). Color: grey table tip, black frame.

13000 Overbed Table, Pivot/Tilt

HAUSMANN OVERBED TABLE

Chrome plated steel frame and base. Walnut laminate top 30" x 15". Simple "one touch" adjustment to raise/lower top from 28" to 43"H. (4) 1 1/2" diameter hooded casters.

3400 Over Bed Table

DMI® DELUXE HEAVY-DUTY OVERBED TABLE

Laminate top, chrome-plated steel column and base. Tilts either direction, forward or backward. Table top: 15" x 30", adjusts from 25-3/4" to 39". Adjustable height 34" x 46". 2" hooded ball-bearing locking casters. Easy to assemble.

553-4054-0400 Overbed Table w/tilt-top

OMNIMED BEAM® STAND

Features a fixed, stainless steel shelf (16 1/4" x 12 3/4") with an adjustable padded security clamp to hold the instrument in place. A sturdy 5 leg cast aluminum base provides excellent stability and the 3" silent rolling rubber casters assure smooth mobility. 42" floor to shelf height.

350000 Beam® Stand

BREWER ELECTRIC NEEDLE STAND

Mounting panel measures 6 3/4" x 10" x 9/16". Height 38 1/2". Support post is 1" steel tubing. Stable, 5 point cast aluminum base with gray nylon casters. Strong round edge wire hook.

43577 Electric Needle Stand

DRIVE MEDICAL HAMPER STAND

Supports 36 - 42 gallon bags. Glides easily with 3" locking casters. Chrome plated steel is attractive and easy to maintain. Non-Slip pedal raises the white, poly-coated steel lid. Lid measures 18" x 19 1/2" Height 38".

13070 Hamper Stand, 1/cs

OMNIMED BEAM® DOPPLER STAND

Offers protection as well as convenience. Expandable coil cord secures doppler to stand, reducing disappearance or misplacement. One size pocket fits all. Optional basket to store monitor, earpiece or other items. Cast base for stability. Smooth rolling casters or mobility. 41" high.

350010 Doppler Instrument Stand

Stands - Seating/Stools/Chairs

OMNIMED BEAM® LAPTOP TRANSPORT STAND

The large tray features dual handles for transport and height adjustment for standing or seated use. Simply depress the foot ring to adjust the surface height from 31" to 43". Star leg base and 3" rubber casters provide a smooth, quiet ride.

350305 Laptop Transport Stand

RITTER 203 TREATMENT TABLE

The best, economical, most solid flat-top table available because both its legs and frame are constructed of steel. Its metal-on-metal construction not only gives the 203 greater stability and structural integrity, but also gives you peace of mind knowing your patients are well supported. Stirrups and lockable casters can be added. Eye-catching, rounded drawers are another option, especially if your needs require additional storage. Extra padding and a built-in headrest pillow leave patients relaxed and secure. The Pebble Grey base is complemented by any of the eight Ritter upholstery colors. Features a hidden paper roll holder with hold-down straps at head and foot end to keep paper in place.

Tables/Procedure & Exam

ITTER 204 MANUAL EXAM TABLE

Featuring the latest in design, comfort and functionality in a manual exam table, this truly offers efficient patient care. One-piece, seamless drawers have easy-to-clean rounded edges and are designed to contain spilled fluids, keeping them from other areas of the table, thereby improving infection control. The size of the footstep has been increased over 40 percent above the industry standard. This allows patients to feel more secure and get on the table more confidently...putting minimal strain and stress on physicians or their staff. The step has an easy-to-clean, slip resistant surface with rounded edges for added security and is reinforced with steel to minimize deflection, providing the patient an increased sense of stability. The pass-through side drawers provide access to supplies from either side of the table and give you the ability to change your room configuration when you want to. Three spacious side drawers provide plenty of storage volume for gowns, drapes and other items, yet are made to help organize your assortment of smaller supplies and bulk supplies. In addition, there are two front drawers for easy access to items during pelvic exams. The Ritter 204 is designed to safely support more weight than standard manual exam tables - 500 pounds.

| 204-004 | Bulk, Heater, Pelvic Tilt, Receptacle, Base Only |

ITTER 204/222/223 UPHOLSTERY TOP

The seamless upholstery eliminates areas where dirt and bacteria can accumulate so clean-up is easier, faster and more effective. The one-piece, upholstered top can be easily removed without tools, allowing a thorough cleaning or a quick upholstery color change. The Soft Touch upholstery top gives a soft and functional alternative for your practice.

4412 Table, 54"-72" L x 29"W x 33"H, (2) Front End Drawers, (3) Right Side Drawers, Gray Beige Finish

RITTER 222 & 223 BARRIER-FREE® EXAM TABLE

Getting on an exam table can be an anxious, insecure moment, especially for elderly and special needs patients. The Ritter 222 and 223 Barrier-Free tables lower to 18 inches from the floor, making it easier for patients to get on the table and eliminating excess strain on their backs, as well as the backs of physicians and staff. Patients can now get on the table with no or minimal staff assistance, helping them maintain their dignity. Measuring 37 inches in highest position, these exam tables have the absolute lowest and highest height combination on the market, making exams more comfortable. This maximum low and high height combination also eliminates bending and stooping to help your patients onto the table surface. Once your patient is on the table, with a touch of the foot control, the Ritter Barrier-Free tables allow precise and smooth positioning with minimal effort on everyone's part, helping your patients and you feel relaxed. With unprecedented low and high positioning heights, the Ritter 222 has a gas spring assisted back section with an easy access backrest mechanism, while the Ritter 223 has a power back system. Both tables include: Built-in pillow; Hideaway stirrups that lock in one of four lateral positions; Foot extension shelf to expand the table length; Paper roll holder hidden under headrest; Storage for four 21" x 3.5" diameter paper rolls; Polystyrene treatment pan; Foot control; Exam Assistant® Drawer System and Leveling screws.

**RITTER 391 OTOLARYNGOLOGY CHAIR**

Designed specifically with the otolaryngologist in mind. That's because it offers a unique, thin back section allowing extra close patient access and a magnetic headrest, which adjusts into position precisely and effortlessly. For added convenience, the membrane touch pad switches, which move the base and back sections of the chair, are located on both sides of the chair in a convenient location. Other features of this product include: one programmable memory position, a home function which with the single touch of a switch returns the chair to a seated position for patient exit, full function foot control, swing out armrests, 360° base rotation with foot-lock on both sides and seamless vacuum-formed upholstery.

BREWER ACCESS HIGH-LOW EXAM TABLE

Chair-to-table design effortlessly takes patient from consultation to examination. 18" low height for easy and safe patient transfers. Return to chair feature easily takes table back to chair position in one, simple step (on power back model only). Standard grab bars on all models provide added safety and comfort. Provides patient a stable and secure grab point to use when getting on and off table. Conveniently swings out for lateral wheelchair transfers. Bars are easily removable. Abundant storage capacity. Patented pass-through side drawers allow left or right access. Additional spacious front drawer. Convenient covered paper roll storage holds up to six rolls and keeps paper clean. Pass-through work surface pulls out on right or left side. Saves space by eliminating the need for additional stands or trays. Perfect for charts, instruments, procedure preparation, or portable computer. Intuitive foot control, on/off switch (located on back of table) allows table's foot control to be disabled and prevents patients and/or children from moving table. Comfortable, ergonomic upholstery with easy to clean surface; seamless design. Extendable, adjustable ergonomic stirrups. Available in Clamshell, Gunmetal, Adriatic, Burgundy, Emerald, Mauve, Azure Blue, Royal Plum, Plum, Deep Tea, Petal, Blue Fog, Forest Green, Spanish Tile, Chocolate, Black, Putty, Graphite, Arctic Plush, Charcoal Plush, Shetland Plush, CAL 133 and Special Color.

Thinking of Today - Planning for Tomorrow

Hausmann Industries is proud to offer a new series of Green-Line products - an environmentally safer alternative to traditional materials for improved air quality. Infants, children and geriatric patients are particularly susceptible to toxic environmental substances hence we have developed greener and safer medical tables and other products for these "at risk" patient populations.

- All Green-Line wood has no added urea-formaldehyde and exceeds CARB I and II standards.
- All urethane fabric is CA 01350 compliant.
- All products utilize PVC-Free construction.

3830 30"D x 48"L x 30"H Desk/Work Table

CLINTON FIND-4 TREATMENT TABLES

A few minutes can seem like hours to a child waiting for the doctor or nurse to come into the exam room. Entertain the young patient with a "Find-4" table while he or she waits. It's designed to be easy for staff, yet engaging for children. Ask the child to find one of the fun objects or animals hidden in the picture. There are: 4 brown eggs, 4 cats, 4 birds and 4 mice in each scene. Keep the number of the objects a secret. Just ask the child how many he or she found. Whether it is all or a few, every child's count is correct to you. Next visit ask them to find one of the other 3 remaining objects. Keep young patients amused for many visits to come. Each table is 72"L x 31"H x 27"W and features 4 doors, adjustable backrest and 2 storage compartments each with an adjustable shelf.

RITTER 152 HALOGEN EXAM LIGHT

A halogen light that uses a 35 watt quartz halogen bulb. It provides 1,500 footcandles at 24" for an optimum amount of light for general use without high cost. The 3,000K color temperature provides a cool white light for optimum color recognition. Uses dichroic coating to eliminate infrared light, which permits only cool light to the doctor's work area. Uses a unique heat sink, which effectively removes heat from the bulb and its socket. This feature increases the life of the bulb for minimal downtime. A small head section features high quality lighting without being burdensome. Listed by ETL to UL2601, the medical and dental equipment standard, and assures the customer of their safety. Designed in accordance to the strict aesthetic standards of the Ritter line of medical products. Cord is located at the lowest point of the light base for optimum cord management. Heavy gauge, vinyl covered spring steel in gooseneck to prevent sagging.

152-001 Halogen Exam Light w/35 watt quartz halogen bulb

BURTON LED 125 HEADLIGHT

A durable, affordable alternative to similar filament bulb (Xenon, Halogen, etc.) headlamps. Shock and vibration resistant, LEDs have no glass or filaments to break - making them much more durable than other light sources. The combination of a long LED life (approx. 50,000 hours of use) and small power needs (it will run continuously on a single set of batteries for over 100 hours) translates into lower operation, maintenance and upkeep costs for your practice. Also, its teal-colored light and precise beam is easier on the eyes than other headlamps.

WALDMANN LIGHTING AMEDEA PATIENT ROOM LIGHTING

Offers an aesthetic design that delivers superior performance for the patient and staff. The modular lighting system has a wide-range of applications and fills rooms and corridors with warm and home-like ambiance. Three-way lighting includes indirect, direct exam, night, and an optional reading light. Assures maximum intensity with T5 HO fluorescent lamps; lamps provide 20,000 hour life and are in the recommended "warm" 3000K color temperature range. Lightweight construction and accessible ballasts assure less expensive installation and maintenance. Electronic ballasts increase energy efficiency, provide flicker-free illumination and are pre-wired for convenient installation. Superior direct exam control for optimal patient outcome. Available in 48" and 36" length models. Total lumen output is 9000 lumens for the 2x39W (36") version and 12000 lumens for the 2x54W (48") version when equipped with an optional reading light. Long 5-year limited warranty. Silver finish. 120-277V is standard. Consult Factory for more options.

D14-775-000 Light, Direct/Indirect Reading Light, 4 ft

Lighting/Procedure & Exam

WALDMANN LIGHTING COSY HOSPITAL TASK LIGHT

Provides the lighting solution required by hospital staff for reading as well as recording data. The silver finish complements the patient or nurse station environment. Its intensity, precise beam spread and performance reflect pure medical quality. Available in wall or rail mount models. Equipped with a 20W 30° beam spread halogen bulb for a soft, non-glaring illumination. Silver finish. Electronic transformer. Highest quality gooseneck. Includes positioning guard for movement and safe operation. 3-year limited warranty. 120V is standard; 230V models are available.

WALDMANN LIGHTING OMNIVUE® MAGNIFIER & DIAGNOSTIC LIGHTING

Combines durability, superior light output, control of positioning and distortion-free optics of up to 15 diopters. Three 9W fluorescent lamps provide shadow-free illumination and offers two settings for adjusting light output. Additional Add-x lenses available for even greater visual acuity. 3-diopter lens is standard; optional Add-X lenses increase magnification to 7 and 15 diopters. Three 9W fluorescent lamps with two light levels helps eliminate shadows. 5000K lamps and clear ground glass lens provides true color rendering. Fully-rotational lens moves independently from light source reducing user fatigue. Articulating spring-loaded arm with adjustable knobs allows for easy movement. Ball and joint rotation provides precise, stable movement. No exposed springs or wires allows for easy cleaning. Large stadium-style viewing area: 6.5" x 4.25". Light grey finish. UV lamps available. 3-year limited warranty. 120V is standard; 230V models are available.

WALDMANN LIGHTING MADEIRA TASK LIGHTING

The unique shape and parabolic louver optimize space, function and use in busy hospital environments. Because it uses fluorescent illumination in a design built to the same high European quality standard as our other lights, comfort, superb arm function and reliability are assured. Parabolic louver gently directs light onto the work surface and reduces glare. Equipped with an 18W fluorescent bulb with a 10,000 hour life. 4000K color temperature; 3000K bulb available upon request. Lighthouse's rectangular shape produces excellent spot for reading, exams and task lighting. Articulating arm provides reliable service and stability during use; arm reach is approximately 33". The specially designed ball joint allows lighthouse to tilt up to 180° for greater control over direct illumination. 3-year limited warranty. 120V is standard.

Lighting/Procedure & Exam - Room Accessories

WALDMANN LIGHTING VANERA™ PATIENT ROOM LIGHTING

One of our most innovative lights that has been designed for delivering healthcare facility illumination with simple elegance. The unique microprism technology provides a broad homogeneous light distribution. The special wide-angle distribution gives better cylindrical light illumination in corridor applications, eliminating shadows. Unobtrusive, seamless integration with the architecture via slim, timeless design. Minimal reflection and excellent glare reduction. Utilizes unique microprism technology developed by LIG in Switzerland. Available in corridor or ceiling models with two 39W or 54W fluorescent bulbs, patient room versions (with 39 or 54W fluorescent bulbs) are also offered. Additional halogen spot light available for ceiling mount. Wide-angle light diffusion with anti-glare technology. Optical widening of the corridor from bright walls. Available in aluminum or silver painted white polymer. 5-year limited warranty. 120V is standard; 230V models are available. Consult Factory for more options.

D14-753-000 Light, 54" x 54"W, 4 ft

RIESTER EXAMINATION LAMPS

Focused, color neutral halogen lamp 8V, ideal for examinations and small operations. The focusing device at the front of the light head allows exact adjustment of the size of the illuminated examination area. Heat sink for patient-friendly use. Highly flexible, long special arm can be bent in all directions, the light remains fixed in the chosen position. Simple to use handle with rheostat for infinitely variable regulation of light intensity.

**HAUSMANN BARIATRIC CLINICAL & GERI CHAIR**

550 lb weight capacity. Infinite position recliner from 140° to upright. Pedal on right side of chair lowers backrest incrementally and elevates leg rest in tandem. Four easy-rolling, swiveling 5" total lock casters with locking brakes. Adjustable meal/activity laminate tray stores on the back of chair.

2174 Built-in Footstep, 24"W x 25 1/2"H x 23 1/2"D, Back Height is 31", Almond Powder Coated Steel Frame

**DRIVE MEDICAL 3 POSITION RECLINER**

3 positions: upright, deep recline and elevated legrest/footrest. Durable, fully enclosed side panels securely attached to protect clothing and skin. Adjustable seat straps provide maximum comfort. Self adjusting suspension in the seat prevents bottoming out. Large, blow molded tray can be stored on the side of the chair. 5" casters (2 with locks) make it easy to move and secure the recliner. Wide, comfortable armrests are angled to provide support in any reclined position. Neutral colored, sturdy steel frame is easy to clean and maintain. Moisture barrier on seat prevents seepage. Comfortable "built in" headrest. Foam and vinyl meet California Flammability Standard and Boston Fire Department specifications.
